Introduction

Welcome to WrkOrd^r

Thank you for trusting us with your business. Whether starting a new business or managing an established one. As a new customer we look forward to supporting your efforts and want to make sure you are up and running on the platform.

We created this guide to get you started and make sure you can access support if and when you need it.

Getting Started

Setting Up Your Account (~5 Minutes)

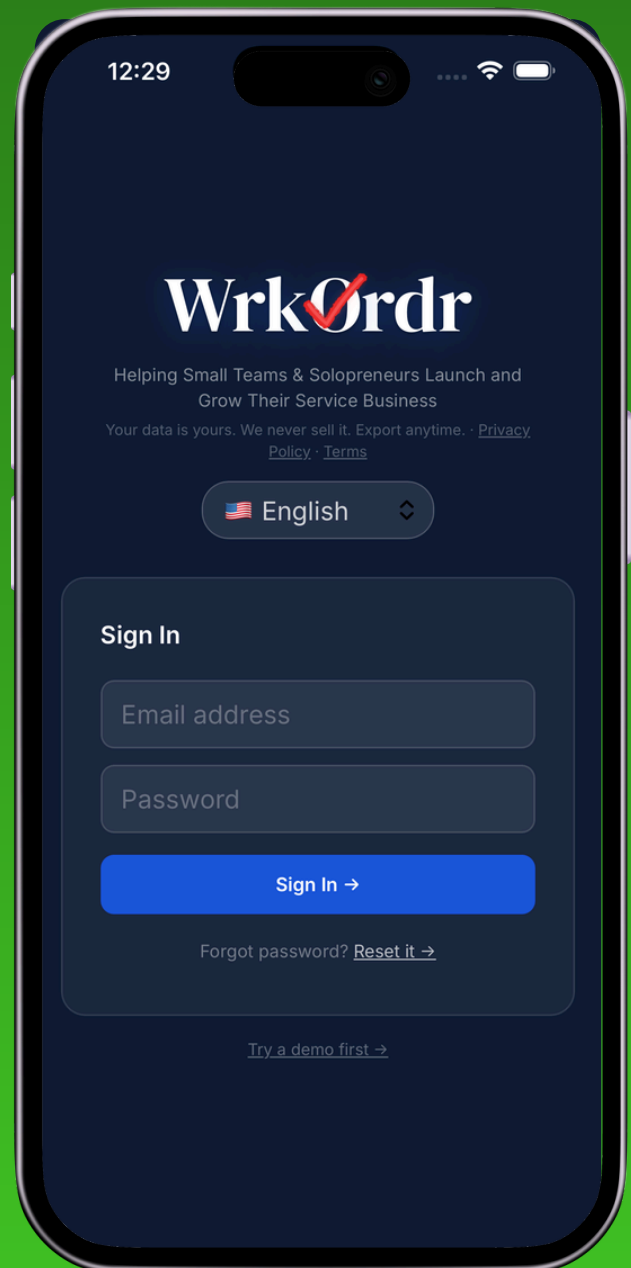

➤ If you have not already go to getwrkordr.com/signup and follow the steps

➤ Once completed go to getwrkordr.com/signin

You will start with a 14-day trial, no credit card required. After the 14 days your account will switch to view only mode.

You can still export and view your information, but thats it.

➤ But for now, follow the set up wizard. Select the layout that best fits your needs, enter some information and you are ready to get started.
